

## Boonville, California

Categories : ["what becomes of what was"](#), [\(past\) presences](#), [chorography](#), [landscapes](#), [photography](#)

Date : December 28, 2011

I have been photographing these old apple trees for over ten years now. Relics of an outdated rural economy.

Location - Mountain View Road, Boonville, Anderson Valley, northern California. The valley is now increasingly dominated by vineyards.
