Date : August 5, 2013

[Fruits of empire - the temple of Athena Nike on the Acropolis in Athens \(1977 - memories of my first visit\)](#)

Over the next year I'll be finishing one of the biggest projects I have undertaken. It started with my schooling - Latin and Greek in the most traditional of curricula imaginable at Royal Grammar School Newcastle-upon-Tyne, in the north east of England, and has been the focus of my academic career in Classical archaeology. I have decided to pull it all together, and Oxford University Press are in support.

News to follow.
